Technical Specifications

Item	Specification	Statement of Compliance of the Bidder
	<p>Name of Project:</p> <p><i>Supply and Delivery of Equipment for the Upgrading of the CSC’s Media Production Kit (Per Lot Basis)</i></p> <p>Procuring Entity:</p> <p><i>Civil Service Commission – Public Assistance and Information Office</i></p> <hr/> <p>This document shall provide the bidder with a general understanding of the required equipment and equipment specification of the Media Production Kit needed by the Public Assistance and Information Office (PAIO) of the Civil Service Commission (CSC).</p> <p>I. BACKGROUND</p> <p>The Public Assistance and Information Office, as the Commission’s communication arm, is tasked with crafting and implementing the Integrated Marketing and Communication Plan (IMCP), which reflects the communication initiatives for the organization’s goals, milestones, and strategic priorities.</p> <p>An integral part of the CSC’s communication program is the development of various communication materials that serve as vehicles to impart critical messaging and information to its target audiences. These materials include multimedia content, which makes use of photos and videos that depict the different programs and activities of CSC.</p> <p>One of the factors that determine the quality of media outputs being produced is having the right kinds of professional equipment for the intended purposes. These include cameras and accessories, lighting, audio recording devices, and storage devices.</p> <p>Relatedly, there is a huge demand for multimedia content especially with the ubiquity of social media among Filipinos. The CSC Facebook Page currently has 1.2 million followers, and most of its content is composed of images and videos. In the last 90 days, the Page has garnered a reach of 8,966,703 for images, and 380,525 for videos. The most popular post during the said period, an image containing the update on the release of the 26 March 2023 CSE-PPT results, has garnered 1.09 million reach, 26,103 reactions/comments/shares, and 5,107 link clicks.</p>	

II. OBJECTIVES

The upgrading would help enable PAIO to meet the professional media production requirements of the CSC, in support of the effective implementation of the IMCP.

A. Existing inventory

PAIO currently uses its existing inventory of equipment for the following:

- Recording of the Chair's video messages
- Capturing photos and videos of the Chair's attendance/ participation in various events
- Capturing photos and videos of CSC-led activities or its participation in external activities
 - Production of graphics, photos, and videos for social media content: *PAIO publishes three (3) monthly social media videos: Lingkod Bayan Diaries, Policy Highlight, and LunChat with CSC.*

The camera bodies in PAIO's inventory include one (1) Canon EOS 5D Mark iii (released in March 2012) and one (1) Canon EOS 70D (released in July 2013). Both were acquired by CSC in October 2014. While still useful, both units are nearing their "end-of-life". They have almost reached their shutter life expectancy, are already showing some issues, and have been replaced in the market by newer and better models.

PAIO needs to replace the old camera bodies and procure additional ones, as well as the accessories (e.g., lens, lens filter, flash, battery) that come with them. Additional equipment and accessories for mobile video production, aerial photography/videography, lighting, and audio recording would help ensure more professional quality outputs.

B. Increasing work demand

PAIO anticipates the increase in requests for offsite photo/video coverage, and recording of the Commission's messages at this time when most government events are already being done face-to-face. Also, as approved by the Commission, PAIO has hired two (2) additional media production staff (under Contract of Service).

III. APPROVED BUDGET FOR THE CONTRACT (ABC)

The Civil Service Commission shall undertake the procurement of the Media Production Kit of the CSC’s Public Assistance and Information Office through Competitive Bidding pursuant to Republic Act No. 9184 (Government Procurement Reform Act) and its Revised Implementing Rules and Regulations.

The Upgrading of CSC’s Media Production Kit has an Approved Budget for the Contract (ABC) amounting to **One Million Three Hundred Sixty Five Thousand and Thirty Four Philippine Pesos (PHP1,365,034.00)** inclusive of VAT/Government Tax/service charge.

IV. LIST OF EQUIPMENT AND REQUIRED SPECIFICATIONS

The list of equipment is divided into two (2) lots:

- a) Camera body, lens, drone, camera accessories, audio and lighting equipment
- b) Printer and smartphone

These two (2) lots shall have to be bid separately as not all suppliers of photo and video equipment also provide printers and smartphones. In case a prospective bidder is capable of supplying both lots, the bidder may reflect the respective bid offers for the two lots, either in a single bid document or separately.
